

# Introduction to eVidhya Loka

**eVidhya Loka** is a non-profit organization dedicated to revolutionizing education in rural India. Our mission is to provide accessible and high-quality education to every child, regardless of their background or location. Through innovative approaches and strategic partnerships, we aim to create a sustainable and impactful change in the educational landscape.

# Mission and vision

## Empowerment

Our mission is to empower every child in rural India with the opportunity to receive a quality education, unlocking their true potential and shaping a brighter future.

## Innovation

We envision a future where innovative teaching methods and technology-driven solutions bridge the educational gap and uplift communities across rural India.

## Equity

Our vision is to ensure equal access to education, helping to break the cycle of poverty and create a more equitable society for future generations.

# Educational challenges in rural India

1

## **Lack of Infrastructure**

Many schools about 90% lack basic facilities, including electricity, sanitation, and proper classrooms, hindering the learning environment for students.

2

## **Educational Barriers**

Children in rural areas face challenges such as inadequate resources, teacher shortages, and limited access to quality educational materials.

3

## **Socio-Economic Factors**

Issues like poverty, child labor, and societal norms often prevent children from attending school regularly and pursuing education.

# Our programs and initiatives

## **Educational Workshops**

We conduct interactive workshops focusing on STEM subjects, life skills, and vocational training to enhance the holistic development of students.

## **Community Engagement**

Our programs emphasize community involvement and parent participation, fostering a supportive environment for the educational journey of each child.

## **Digital Learning Solutions**

We implement digital learning platforms and provide access to online resources, enabling students to engage with educational content beyond traditional classrooms.

# Impact and success stories

1

## Improved Literacy Rates

Our initiatives have led to a noticeable increase in literacy rates and academic performance among students in rural areas.

2

## Empowered Communities

Communities where we've intervened have witnessed positive social and economic transformations through the power of education.

3

## Inspiring Student Journeys

We celebrate the stories of students who have overcome obstacles to pursue education and achieve their aspirations, becoming role models in their communities.

# Collaborations and partnerships

1

## **NGOs and Non-profits**

We collaborate with like-minded organizations to amplify our impact and reach a wider network of beneficiaries through collective efforts.

2

## **Corporate Alliances**

Strategic partnerships with corporations enable us to access resources, expertise, and funding required to implement sustainable educational programs.

3

## **Government Initiatives**

We work closely with government bodies to advocate for policy changes and support the implementation of educational reforms in rural regions.

# eVidhya Loka systems Features

**Online Access to eBooks and AV equipment :**The e- library management system provides mobile access to search the library catalog, schedules, books and resources from anywhere, at any given time via Smartphones and tablets.

**Dashboard:** Maximize the performance of libraries with dynamic reports, charts and graphs to review and track the progress for better decision-making and prompt Data analysis by Stakeholders.

**Reduce Cost:** It eliminates paper-based processes and reduces operation costs and saves time of the library management. So, the library will become free of the number of registers and files.

**Automating the whole procedure:** From Memberships renew to books Issue by using Flows to send Emails.

**Quick Search thorough System:** Users can quick search for books based on book types from Home page to get insight to their Price , Quantity , Authors, Ratings.

**Books Review:** Ratings and comments for specific books for quick analysis for readers.

# eVidhya Loka systems Features -Home page

Design and implemented a system on the Salesforce platform to meet the requirements.

- Creation of the required Data Model for above application
- Using LWC for creating user-friendly application which will show and implement all Use case of LWC

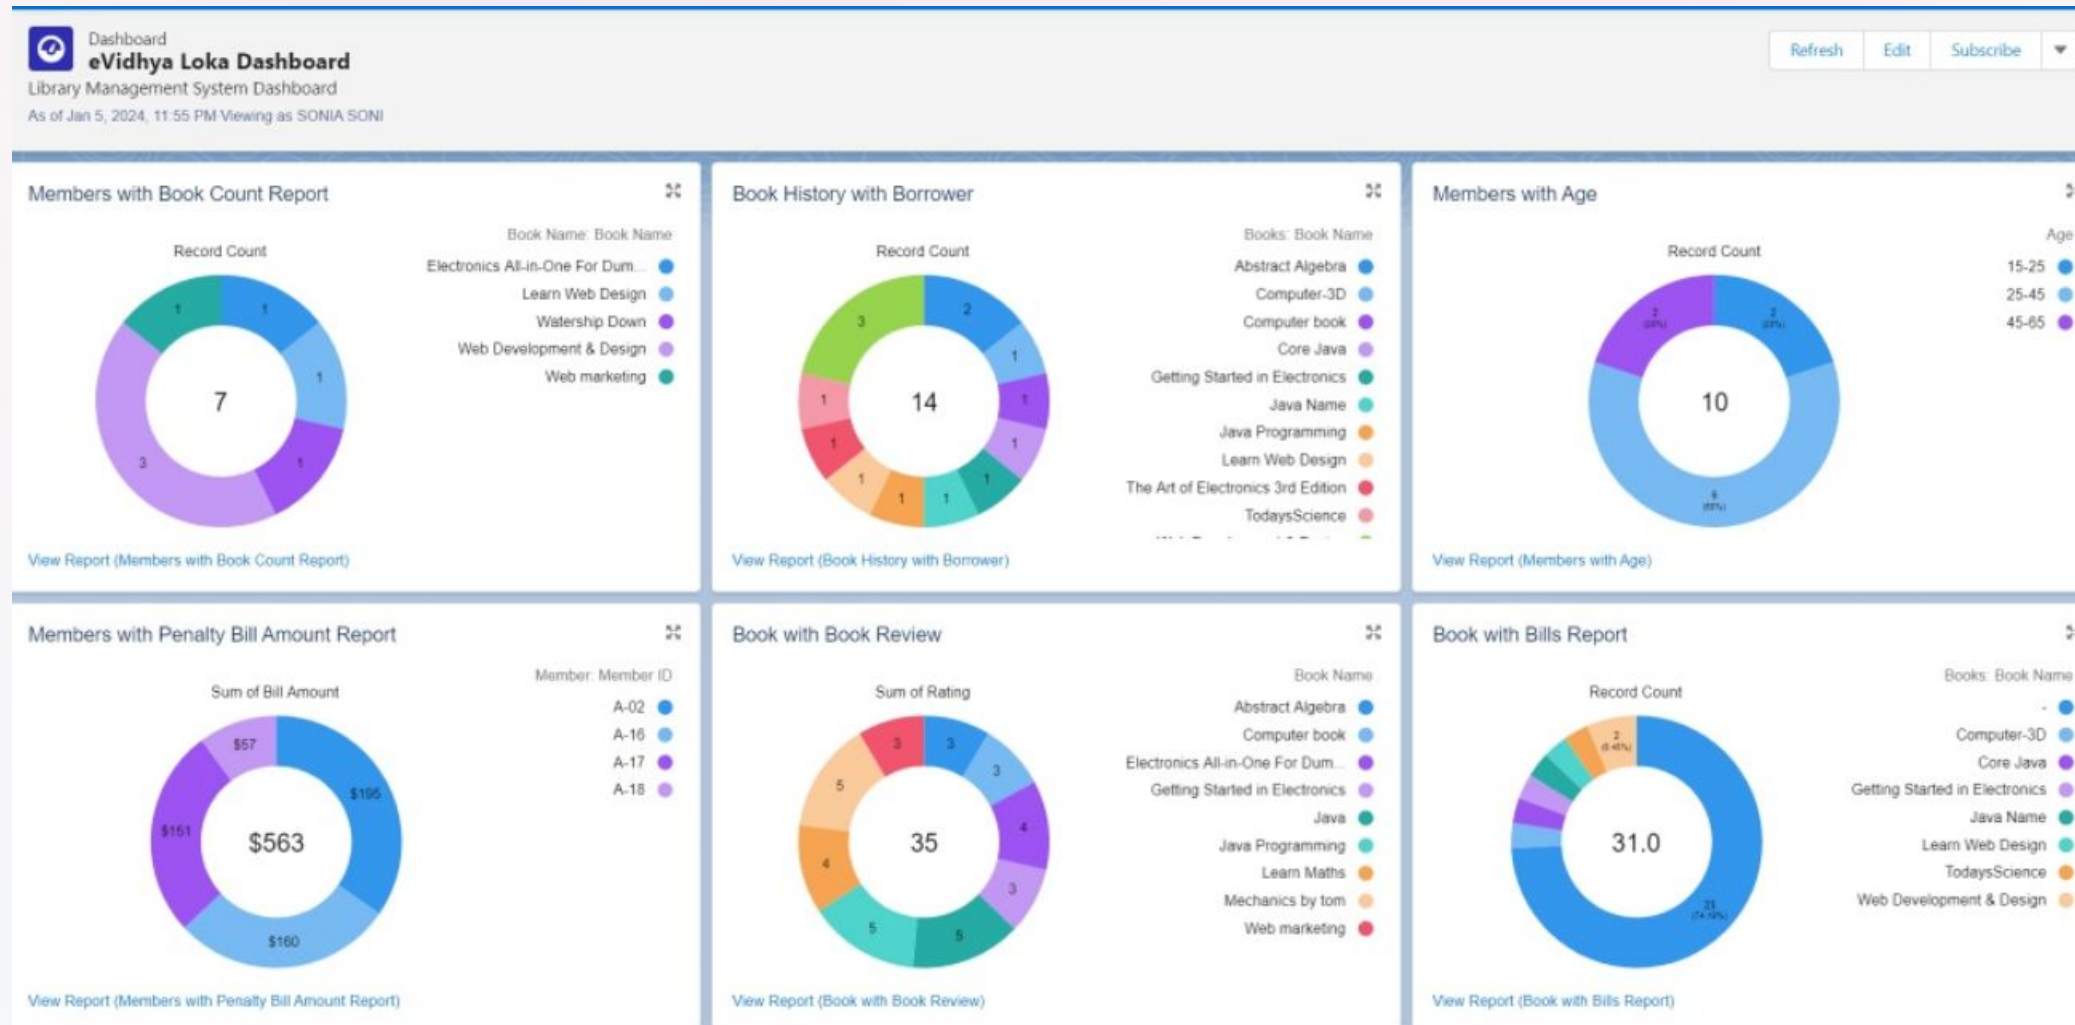

The screenshot displays the eVidhya Loka Management System interface. At the top, there is a navigation menu with options like 'Books', 'Borrowers', 'Members', 'Bills', 'Dashboards', 'Reports', 'BookReviews', 'Book Types', and 'BarCode Scanner'. Below the navigation, the main content area is divided into several sections:

- Find a Book:** A section with a search bar and buttons for 'New Book', 'New Member', and 'New Borrower'. A dropdown menu shows 'All Types'.
- Gallery:** A grid of book covers. The top row includes 'Java' (Volume II—Advanced Features), 'Computer book' (Artificial Intelligence), 'TodaysScience', and 'Java Name' (A Textbook of Java Programming). The bottom row shows a printer, a network switch, another 'Java Name' book, and 'THE GREAT IRISH'.
- Details:** A section for 'Computer book' with fields for Book Type (Computer and Technology), Quantity (65), Price (\$12), and Description (Learn Artificial Intelligence). A 'BookDetails' button is present.
- Member Data:** A table with columns for Member ID, Member Name, Member Type, Member Email, and Address. The table lists 10 members.

	Member ...	Member T...	MemberE...	Address
1	<input type="checkbox"/> Soniya Soni	Admin	soniamca06...	Delhi
2	<input type="checkbox"/> Salman sha	Faculty	sworldsam...	Jaipur
3	<input type="checkbox"/> Mona Verma	Admin	mona@yah...	Delhi
